

Snow at Rand Airport

On 27 June parts of Gauteng were covered in snow, including Rand Airport and the DC-4s of SA Historic Flight. Staff of Skyclass (Pty) Ltd who operate the DC-4s had their hands full clearing snow and ice. The three DC-4s of Skyclass still faithfully ply their trade reliving the halcyon days of low-level leisurely air travel carrying tourists on aerial safaris into Africa, Indian Ocean Islands and beyond to Europe and America. www.flyskyclass.com.
